She was precious like a flower
She grew wild, wild but innocent
Perfect prayer in a desperate hour
She was everything, beautiful, different

Stupid boy
You can't fince that is
Stupid boy
It's like holding back the wind

[Chorus]
She laid her heart
And saw it right in your hands
And you stole her every dream
It crushed her plans
She never knew
She has a choice
That's what happens
When the only voice she hears
Is telling her she can't
Stupid boy
Stupid boy

So, what made you think
You could take a life
And just push it, push it around
I guess the bill you sold felt so high
It had to take her, break her down

[Chorus]
She laid her heart
And saw it right in your hands
And you stole her every dream
And it crushed her plans
She never knew
She has a choice
That's what happens
When the only voice she hears
Is telling her she can't
Stupid boy

Ah you always had to be right

And now you lost the only thing
That ever made you feel alive

[Chorus]
She laid her heart
And saw it right in your hands
And you stole her every dream
And it crushed her plans
She never knew
She has a choice
That's what happens
When the only voice she hears
Is telling her she can't
Stupid boy

Ah it's the same old, same old
Stupid boy

It Took a while for her to figure out
She could run and what she did
She was long gone, long gone

Yeah

Stupid boy

You're just a stupid boy
You'll never get a life
