*[Verse 1]*

Said you're going with your boys today and  
"Don't worry cause I'll be home late"  
But I know you're cheatin' out there, creepin',  
You've been freakin' babe  
So let me tell you how it's going to be  
And you can run game but not on me boy  
So who the hell are you trying to kid  
You know this is what I did

(change)

I called your pager and your two-way boy but no  
response  
Start looking and I found you in some other women's  
arms  
Don't try to front boy cause I saw you there with my own  
eyes  
Just get your stuff boy cause I'm tired of hearing all  
your lies

*[Chorus]*

Bounce baby out the door  
I ain't gonna take this no more  
Bounce baby out the door  
Get up and move  
Don't make me act a fool  
Just bounce

*[Verse 2]*

Baby boy I know you'll never find  
No stuff as good as mine  
She can't work you like I did  
You can look but you know I got that good shit  
I know that you're hating it  
But you better stay with the one you're with  
You made your bed and now you have to sleep in it  
baby  
(change)

*[Rap]*

Wait a minute Sarah, give me a chance to explain  
I was just talking to shorty, I don't even know her name  
I ain't looking for no one to come and take your place

Ain't no one out there baby that can fill your space  
No need to find a nickel got a dime at home  
Plus I love every night the freaky way we bone  
I ain't trying to get gone, ain't trying to play the roll  
I'd rather stay and be a part of your green eyed soul
