[Chorus:]

U like the cars, U want the stars no no no still can't get
none

U watch me ball, with all my dogs ya mad cuz ya can't
get none

When they bump my hits, it make U sick no no no no U
still can't get none

U see the life, U want the life be mad
Cuz ya can't get none

Now I've got a little problem with

Yall sit back, relax, listen to this

Don't U hate when folks in yo biz

Come on put your hands up if you heard me

Can't stand a bugaboo, oh no

Please don't hate me, please let me go

Roll ya eyes when my clique roll by

2 big black Mercedes drivin' U crazy

We got to speed, ride, let's go, really

Don't care if everybody knows

Now we gon sell out big shows

U wanna be down we still say no

[Chorus]

I don't understand a hater mind

Why the hell they spend all the time

Instead of their own they all worried bout mine

Come on put your hand up if U heard me

All I wanna do is shine with my girls

Take long trips all around the world

Worked a lot for the things we got

That's the reason why we stay so hot

We got to speed, ride, let's go really

Don't care if everybody knows

Now we gon sell out big shows

U wanna be down we still say no

[Chorus 2x]

Come on put your hands up

We ain't tryin' to hurt nobody this one here for all my
shorties

Just want yall to get yo money

Cause I'm gon get mine and ah
It's time for bigtym' and ah
I ain't here no drama and y don't want to get me
started
Come on put your hands up
We havin' a worldwide party invite U to move yo body
Ain't nobody trippin', ain't nobody trippin'
If ya all about fun and ah, come on over here and find
U one
Cuz tonite this it's so on it ya own fault if U can't get
none
We got to speed, ride, let's go, really
Don't care if everybody knows
Now we gon sell out big shows
U wanna be down we still say no

[Chorus 2x]
