You heard me right
We can't make it good
And that is why
It's no use to try

You are in a way what I expected
You see I can say that I reflected
All the time

Our flight tonight
It's over now
I wanna stop to be in love
But that surely comes as no surprise
Our flight tonight
The end is near
You're gonna take your love someplace
That is what I'm reading from your eyes

You brought me down
I won't wear this frown
This world goes on
Now that you are gone

You are in a way what I expected
You see I can say that I reflected
All the time

Our flight tonight
It's over now
I wanna stop to be in love
But that surely comes as no surprise
Our flight tonight
The end is near
You're gonna take your love someplace
That is what I'm reading from your eyes

You are in a way what I expected
You see I can say that I reflected
All the time

Our flight tonight
It's over now

I wanna stop to be in love
But that surely comes as no surprise
Our flight tonight
The end is near
You're gonna take your love someplace
That is what I'm reading from your eyes
