*[Verse 1:]*

So many times I had imagined you  
You were a dream waiting to come true  
I've never made this kind of wish before  
But then again I never wanted something more

*[Bridge 1:]*

You set in motion  
Something uncontrollable  
Something undeniable

*[Chorus:]*

I can't lie I've never seen a guy so fine  
I don't know why I feel the way I do inside  
I'm going crazy just the thought of you can phase me  
and I won't deny

You're all that's on my mind

*[Verse 2:]*

I can't believe the day we met  
It seemed to me that you were heaven-sent  
You caught my eye and then I knew  
I found a dream and boy that dream was you

*[Bridge 1]*

*[Chorus]*

*[Bridge 2:]*

You set in motion  
Something uncontrollable  
Something undeniable  
Something unbelievable  
Something undeniable

*[Chorus 4 X]*
