[verse 1]

Found a note layin' on the bedroom floor
Read it and felt my emotions start to soar
It said, "Follow all the signs that lead ya down the hall
Be ready for a sweet surprise"
Excitement was risin' up with every stride
Couldn't help smilin', I felt joy inside
You always find a way to take my spirits high
Could not believe my eyes

Cause I saw - you
In the doorway
Breakfast - burnt
What could I say
It was - like
In the Movies

[chorus]

Boy
You make my day (With every little thing you do)
Make my day (With every loving word from you)
Make my day (You always seem to find a way)
Make my day (Every moments like a holiday)
Make my day (Every time that you walk in the room)
Make my day (Every night I'm lyin' next to you)

Make my day (Every morning when you're by my side)
Boy you make my day

[verse 2]

One of those days nothing goin' right
Workin' my butt until late at night
Bout to tell my boss he can take a hike
When I got a call from you
Short time later all my work is done
Packed my things up and I was on the run
Straight to you like a shot from a gun
I unlocked the door and

I saw - you
With red roses
Iced Champagne

Candelabras
Bubble Bath
I'm T.K.O.

Boy you make my day

So listen girls
If U got some one who will treat you right
Won't run around all night
You need to hold on tight don't let him go
Better yet girls let him know, he is worth gold
Boys don't come like that on every corner

[chorus]
