[verse 1]

Just two years ago there didn't nobody know
'Bout a crazy girl suddenly part of the show
She's singing and she's trying to bring
A little music to your heart, oh yeah

A crazy game but who is to blame
Unfortunately always the same
'Cause when you're famous
Every word you say and every move you make
Is judged by everyone

[chorus]

Put your eyes on me
Can I get a witness I'm no perfect girl
Put your eyes on me
All I wanna do is play my music to the world
Put your eyes on me
Giving just a hundred percent from me to you
Put your eyes on me
What you get is credibility baby
So come into the groove

[verse 2]

So now I'm telling you about there ain't no doubt
Not all I do is very cute from me
I'm often talking much too much
Get with people in touch

Who never see the me in me, oh no
I stand accused, there ain't no use
For me in getting out of my shoes
I say I'm guilty
But who is able to cast the first stone
They all had done the same

[chorus]

[c-part]

It doesn't matter what you do
As long as you stay pure and true
You'll never comfort everyone

No risk and there's no fun
It doesn't matter who you are
As long as you know you're the star
There's no one else to play your part
Just keep that in your heart
Put your eyes on me

[last chorus (additional choir)]

Tell it to the world
So it can always be heard
I'm not a perfect girl
All I wanna do
Is play my music to you
Just play it to the world
Just a hundred percent
Coming from me to you
