When you're holding me
I can breathe
There's such a peace
So please couldn't I try
For a change
Easing your mind

Instead of worry, do what I do
Say until you start to believe it

I've got a real love
Baby and it's enough
I know that it's gonna see me through
I've got a real love
And cause of it I, I'll be fine
I'll survive
I've got a real love ... in you

I've been where you are
In the dark and sick at heart
So I get it, I swear
But do you
Call me I'm there

Instead of being strong on your own
Let me say until you believe it
I've got a real love
Baby and it's enough
I know that it's gonna see me through
I've got a real love
And cause of it I, I'll be fine
I'll survive
I've got a real love

No matter what the future brings
I'll face it with you, everything
The light of day, the dead of night
Together, yeah, we'll be alright

Because

I've got a real love

Baby and it's enough
I know that it's gonna see me through
I've got a real love
And cause of it I, I'll be fine
I'll survive
I've got a real love ... in you

In you
