[Verse 1:]

In the dark it's hard to find
Single spark to ignite
When one leaves
Can you start, to believe
The pain will pass and
Set you free

[Bridge 1:]

You held me captioned
Like a prison on convince
That you surviving life
No escaping to safe the
When the enemy keeps beating me
From inside...

[Chorus:]

I'm just a soldier with
A broken heart
No I won't be defeating, no
I know I never goads it's
Like a war, so I won't be retreating, I keep marchin'
With my arm are down
You can hurt me
But I'll stand my ground
I'm in fighting for my right
To love
I'm just a soldier with a broken heart...

[Verse 2:]

Tell myself don't give up
Well the pain make me stop
I'll be brave and no men's land
I'll keep walking it's the risk but I might take the chance

[Bridge 2:]

I'm haunted my faces and touch it by the feel
I never see you again
It's not fair and it's not right, when your enemy keeps
beating me from inside...

[Chorus:]

I'm just a soldier with
A broken heart
But I won't be defeating, no
I know I never goads it's
Like a war, so I won't be retreating, I keep marchin'
With my arm are down
You can hurt me
But I'll stand my ground
I'm in fighting for my right
To love
Oh yeah I'm just a soldier with a broken...

No I won't, won't surrender
What I feel, I can heal
Oh even when my feet don't take me forward
What don't kill me makes me
Stronger, makes me stronger...

I'm just a soldier with a broken heart...
I'm only fighting for my right
To love... a soldier with
A broken...

[Chorus:]
I'm just a soldier with
A broken heart
But I won't be defeating, no
I know I never goads it's
Like a war, so I won't be retreating, I keep marchin'
With my arm are down
You can hurt me
But I'll stand my ground
I'm in fighting for my right
To love
Oh yeah I'm just a soldier with a broken heart...
