Hey, hey

Don't keep apologizing
Cause everything's undone
You can never know
What nothing might become
If the only thing you do is dream
Then you're spending all your life asleep
So where's the light
When you're never trying
The tunnel never seems to end

Don't apologize
For everything you're not
You know that
Everything was nothing at the start
If you been sitting down - STAND UP
Been stuck to the ground - STAND UP
Don't apologize
When you know it's time to stop
You gotta stand up up up
Just stand up up up
Together we can stand up up up
Just stand up up up

It's never over til the final moment
You give up
Always complaining
How you're running out of luck
If the best thing you can do is dream
A dream is all you'll ever achieve
Too far from perfect
To think you're worth it
Has perfect ever been seen

Don't apologize

For everything you're not
You know that
Everything was nothing at the start
If you been sitting down - STAND UP
Been stuck to the ground - STAND UP

Don't apologize
When you know it's time to stop
You gotta stand up up up
Just stand up up up
Together we can stand up up up
Just stand up up up

So if you're better at giving up
Just keep run running runners up
And if you keep on falling
Just stand up
But if you give it the best you got
Making room for another shot
And if you end up falling just stand up

Don't apologize
For everything you're not
You know that
Everything was nothing at the start
If you been sitting down - STAND UP
Been stuck to the ground - STAND UP
Don't apologize
When you know it's time to stop
You gotta stand up up up
Just stand up up up
Together we can stand up up up
Just stand up up up
