VERSE 1:

There are days you feel
Everything's a mountain in your way
There are days you fear
The struggle is too much to take
And it's too late to turn the page but then
There are days, there are days
Like today...

PRE-CHORUS:

When it starts with a dream
But you have to believe in you
Be true to who you are
There are clouds in your eyes
You push them aside so you can
touch the sky

CHORUS:

This is what it feels like, This is what it feels like, This is
what it feels like
When the world is in your reach
This is what it feels like, Feel it for the first time, This is
what it feels like
When dreams and real life meet

VERSE 2:

Don't look down and be
Afraid that you won't succeed
Just look around and see
All that you have achieved

PRE-CHORUS:

It starts with a dream
But you have to believe in you
Be true to who you are
There are clouds in your eyes
You push them aside so you can

Touch the sky

CHORUS

MID-8:

If this it what it feels like?

If this is what it feels like?

It's gotta be worth, it's Gotta be worth, worth the
Flight

CHORUS
