[Verse 1:]

Hey honey
It's been sometime
Since you just came into my life
And boy without a doubt
You turned me inside out
Sweet baby
It's been a while
Since people doubted our love and claimed
That we were much too loud
And press was what we're about

[Bridge:]

But we smiled into ourselves and knew
That I was meant to be with you
And you were made for me
Obviously

[Chorus:]

So with a little touch from you
And a little hug from me
We showed the world love is strong
When two become one
So with a little smile from you
And a little kiss from me
We can go anywhere at anytime
And be what we wanna be
All fear is gone when two become one

[Verse 2:]

My darling
It's been alright
To stay together side by side
We've been through thick and thin
We knew that we could only win
Oho sugar
A boy, a girl
Just start to build up their own world
With him she's feeling strong
With her he can't go wrong

[Bridge:]

We smiled into ourselves, it's true
That I was meant to stay with you
And you will be with me
Eternally

[Chorus]

[C-Part:]
This song is for you my love
For your endless dedication
In the sleepless nights I caused
For the sweetness of your patience
I love the way you love to hold me
In the warmth of your embrace
Curled up in your arms at night
Baby that's my favourite place

[Chorus]

[Outro:]
Our love is strong
When two become one
There's nothing wrong
When two...
