I've been tryin' to resist you
But it's so hard not to kiss you
Take your smell in when you greet me
And you whisper that you missed me

Await the moment so much
When I have you all to myself
When there's no one else
Check the door
I can't wait for you touch
And your lips so close to mine

Your love is dangerous dangerous
It's so forbidden and irresistible
And though it's scandalous
I'm lovin' it
'Cause what we have is oh so sexual

You push my buttons now gimme some more
When we are together no regions that you won't
explore
Should've told you sooner how much I adore you
And if you wanna you can have me to the core

Never thought I'd be unfaithful
But in your presense I'm losing my morals
I remember someone told me
Love the moment love the feeling

I crave the feeling so much
When I have you all to myself
When there's no one else

Lock the door
I can't wait for your touch
And your face so close to me

Your love is dangerous dangerous
It's so forbidden and irresistible
And though it's scandalous
I'm lovin' it
'Cause what we have is oh so sexual

You push my buttons now gimme some more
When we are together no regions that you won't
explore
Should've told you sooner how much I adore you
And if you wanna you can have me to the core

How can so much pleasure just cause so much pain
When we get together nothing will ever be the same
Yet I really want it
Can't go back again
Tell me do you want it
'Cause I'm addicted to the game

In another space and time
I'd be yours and you were mind
This life we were meant to be one another's fantasies

Let alone the fantasies
I know how you care 'bout me
Sometimes in your amber eyes
I can see live in disguise
