He carries day by day
All the deceased souls
Across the river Styx
From earth to underworld

It's harsh and attritional
His everlasting task
He's your ferryman
And the end of your past

He convoys you
Into the
World of the dead
World of the dead

The daily structured course fades away
All the enjoyments seem astray
Dolorous incidents determine the day
This is the end of begging and praying
No time to breathe - Charon scatters deacease
No time to rest - Charon wants you dead

Charon wants your death
Charon steals your breath
Charon, it's Charon
This is murder paradise
These are your darkest nights
Charon, it's Charon
Another day, another year
No salvation will appear

The daily structured course fades away
All the enjoyments seem astray
Dolorous incidents determine the day
This is the end of begging and praying

Takes you into the world of the dead.
