Don't trust anyone

In the entourage of traitors  
Humans change for the worse  
Forget their primal mentality  
Far from truth and honesty

You can abandon them  
Too late to change their minds  
Unaware of what is wrong  
Unaware of what is right  
The outer forces triumph  
The outer forces guide  
Them to their own ruin  
Into another crunch

Don't trust anyone

Pray for the day when Atropos comes to earth  
Pray for the day because it will be their last  
Pray for the day when Atropos comes to earth  
Pray for the day because it will be their last

Traitors  
Should  
Beware  
Of Antropos

Just keep your inner course and try not to be like them  
Just keep your inner course and try not to be like them

Rivals of all betrayers

In the entourage of traitors  
Humans change for the worse  
Forget their primal mentality  
Distal truth and validity

You can abandon them  
Too late to change their minds  
Unaware of what is wrong  
Unaware of what is right  
The utter forces triumph  
The utter forces guide  
Them to their own ruin  
Into another crunch

Don't trust anyone.
