"Topple the Titans"

Open your eyes and
See the titans prevail
Your infuriation inside
Topple the titans
You never felt it before
The urge to act
And your mind tells you
Topple the titans

Gain the strength
You need to break your chains
Gain the strength
You need to break out
Gain the strength
Combat your rivals
Gain the strength
Abolish their might
Gain the strength
To make your voice be heard
Gain the strength
To express yourself
Gain the strength
And fight for your rights
Gain the strength
Force them to react

Power-mad, corrupted rulers
Selfish, bad and cormorant
Are suppressing you and us
Set them their sepulchral stone
Rise up from the underground
And call attention to yourself
Strive against their injustice
Set them their sepulchral stone

Don't give up
Keep tough
Don't give up

Don't wait for too long
Take the chance right now

Power-mad, corrupted rulers
Selfish, bad and cormorant
Are suppressing you and us
Set them their sepulchral stone
Rise up from the underground
And call attention to yourself
Strive against their injustice
Set them their sepulchral stone

Don't wait for too long
Take the chance right now
Bring it to an end
Topple the titans
Don't wait for too long
Take the chance right now
Bring it to an end
Topple the titans
