Then I hear the crying and I see the tears
Then my heart is breaking I have to face my fears
And if I talk to calm does he know my games
When I lost my way
Can you hear the whispers sounding in my soul
The more I am trying the less I know and when I talk to
God it would be
It would be in vane cause He knows my pain
Is anybody there to hear my prays
Is anybody there to hear my pray
And who cares
Is anybody out there
When the dark is... and my heart gets cold

We all look for comfort and I... of all
And if we sing out loud in an appropriate tone
It will lead us is anybody there
Is anybody there to hear my prays
Is anybody there to hear my pray
And who cares
Is anybody out there
When I have to... cares
I keep on trying is anybody there
Is anybody there to hear my pray
Is anybody there to hear my pray
Is anybody out there
When my soul is dying is anybody there
