They look at me like
Why do I even bother?
The fact and stuff of you
It seems strange sometimes
A little awkward about it
What they say you do

I know I am not crazy
And I don't care what they say about me
Because I know me
And I am not like her

Boy it could be
You never know no
Come on
Please don't leave me

Out in the cold alone
Come on, come on

They wonder why
That I still support you and all
After the stuff I heard whoa
Sometimes I cry
But I always came back
I would never leave you there alone

I know I am not stupid
And I don't care what they think about me
Because I know me
And I am not like that

Boy it could be
You never know no
Come on
Please don't leave me
Out in the cold alone
Come on, come on
