I have been there and all
So why you wanna listen not
I am trying to warn
About him
You are not the only girl
He's ever done that to before
So take this from me
About him

Player player
Tell him you will see him later later

He will play your heart
And take it apart
If you let him
Don't let him do that
He will play it cool
And tell you something
If you let him
Don't let him do that

I see that look you give
Like you think I am ruining this
But just trying to tell ya
How he is
I hear you telling your friends
That this girl, what she expect
But just trying to say that
How he is
I know because I been there

He will play your heart
And take it apart
If you let him
Don't let him do that
He will play it cool
And tell you something
If you let him
Don't let him do that

Thanks to Marie
