i see you there
thinking that no dont care
well you are wrong about that one
oh you cry til you cant
thinking they dont understand
but baby do you know the greatest love

they say things
but what they say
cant hurt your soul
even when it gets tough
god will be there to help you baby

he lives
when your world dies
he will fix
it all when you cry
all you have to do is just pray
baby
just give
when they try to take
in this
you will find out what makes
you a better person
just pray
when it falls down
falls down
falls down
just pray
when it all

makes you wanna throw
your hands up and say no
that you cant do this anymore
oh no dont do that
youve got a chance
in the cold
baby you will get through
i promise, god, he will help you baby

he lives

when your world dies
he will fix
it all when you cry
all you have to do is just pray
baby
just give
when they try to take
in this
you will find out what makes
you a better person
just pray
when it falls down
falls down
falls down
just pray
when it all

it may not happen
right there and then
but maracles can happen
baby
yeah please believe me
i have been there before
and i know what its like
to be in the rain

he lives
when your world dies
he will fix
it all when you cry
all you have to do is just pray
baby
just give
when they try to take
in this
you will find out what makes
you a better person
just pray
when it falls down
falls down
falls down
just pray
when it all
