you have been setting there  
wishing you could change your life  
you have been thinking nobody cares  
but you are wrong about that

saying another day has past  
that you need the streignth  
but you dont think you can  
but nothing is impossible with god

come on baby get up  
what are you waiting for  
come on make a change  
if you want to  
come on baby get up  
and do something about it  
you dont have to live that way  
you can make a change

youre not a fool  
if you wanna change the world  
some people try to keep it cool  
and act like nothings wrong

it doesnt matter baby  
what your race is  
because god created  
everybody equaly

come on baby get up  
what are you waiting for  
come on make a change  
if you want to  
come on baby get up  
and do something about it  
you dont have to live that way  
you can make a change

there may be times  
when you feel like  
your heart is on your sleve

but you will get throu  
there may be times  
when you fall down  
but just get back up and believe  
because baby you will get throu

just pray  
because god will help you  
just pray baby  
because god is there for you

come on baby get up  
what are you waiting for  
come on make a change  
if you want to  
come on baby get up  
and do something about it  
you dont have to live that way  
you can make a change
