oh oh whoa  
hey yeah yeah  
i saw a sign of your actions

this is not a complaint  
but things have seemed to changed  
as of everyday  
maybe in a good way  
how do you feel?  
ima take things slow  
but from here to go

but i never really knew  
that you would act like this  
it started out liking you  
had no clue from the began

there was a sign  
there was a sign  
there was a sign on this road  
there was a sign  
there was a sign  
but i dont know if you you know  
it was you  
it was you  
it was you i saw  
on the sign  
on the sign  
on the sign, yeah yeah

it crossed my mind  
at first that you could have been  
the one for me  
but then i didnt know

that i would feel this way  
before it didnt last to be  
they wearnt a part of me

but if this feeling is true  
then you know truth dont lie

it is kind of a clear veiw  
i dont know if i am on your mind

there was a sign  
there was a sign  
there was a sign on this road  
there was a sign  
there was a sign  
but i dont know if you you know  
it was you  
it was you  
it was you i saw  
on the sign  
on the sign  
on the sign, yeah yeah

some people try to tell me that  
i would soon get over this feeling  
but they dont know the truth inside me, inside  
this feeling seemed to last  
since that day that something changed  
if they only knew the truth inside me, inside me

there was a sign  
there was a sign  
there was a sign along this path  
there was a sign  
there was a sign  
while this feeling seemed to last  
it was you  
it was you  
it was you i saw  
on the sign  
on the sign  
on the sign  
yeah yeah  
yeah yeah

Thanks to marie
