Have have fun
Under the summer time sun
Wear sun block
So we won't get a sunburn

Lets lets spend
Sometime as friends
I like you
Do you feel the same way

Summertime
Summertime
Lets get down

And have some fun
Summertimme
Summertime
Lets get now
And do something fun

Summertime
Summertime
Lets go some place
And chill for a while
Summertime
Summertime
Who cares what they say
I will be wearing my smile
Summertime
Summertime
