Deah Â– bringers of pain, unleash hell and tragedy
March Â– walk with fire through the ruins, over the
dead
Fury Â– no going back, we must attack
Man made apocalypse
Air Â– carry the disease, murder everyone when they
breathe
Water Â– contaminate Â– through the earth
Fire Â– burn the skin Â– scorch everything Â– none shall
live
Who survives this Armageddon?

The worm Â– the worm Â– The worm Â– Our cancer
We burn Â– We kill Â– We rape Â– We punish

Waiting to see you suffer
Waiting to see you suffer
Waiting to see you suffer
Waiting to see you suffer

We are the bloody worm... we are!
We are the bloody worm... we are!
We are the bloody worm... we are!
We are the bloody worm... we are!

Who is this worm? Why is it here?
Inside your wound It will appear

Conquest Â– occupy the land, in disguise of holiness
Famine Â– weak must die, suicide
War Â– violent times, justify, spill the blood
Death of all kinds and causes
Earth Â– hostile world, purify the land
Life Â– to disappear, no longer here, never to return
Bleed Â– tearing your skin, mutilate yourself
