A change of mind has moved around
Takes me back to when we met
Forever moved a promise kept
This all implies I don't believe how this would be for
To be with you
Watching your eyes
I can see it in your eyes
Away go away
To be by your side
I travel all night
Away go away

Concept conceived to let me down
And when you leave I can never make my mind up
We're on the move removed too far
Your way of life
It's only me I'm not deceived at all
To be with you
Watching your eyes
I can see it in your eyes
Away go away
To be by your side
I travel all night
Away go away

So far from me to be the same
I'll try again I'm here alone
I shan't forget I feel this way
And all the time you can dance until we meet again
To be with you
Watching your eyes
I can see it in your eyes
Away go away
To be by your side
I travel all night
Away go away
to be by your side
I travel all night
Away go away
To be by your side
I travel all night
