I love the way you work it,
show me what you got.
Yeah with me baby work,
a little one on one.

I love the way you work it,
show me what you got.
(Uh-Oh!)

Givin' it up, givin' it up,
let me do my thang', do my thang'
Givin' it up, givin' it up
let me do my thang', do my...

Takin' it off, takin' it off,
let me do my thang, do my thang,
Givin' it up, givin' it up,
(Come on baby-baby we can do that body)

See I've been thinkin' it over almost every day,
I gotta admit that it's a little too much
I see you movin' get to thinkin' you make me wanna go
dancin, makin' the groove feelin' the groove.
(So get the groove!)

So tell me baby what is your name?
Get in the game, tell if ya feel
the same, cause I know that! Switch it with the vibe,
and dance, cause baby, ha, you're never
gonna be a man.

So move a litte closer (closer, closer),
we can work it undercover (covert, cover)
Gimme whatcha' got (keep me hot!), so
baby dont stop I want you. (So baby let me do that
body!)

Givin' it up, givin' it up,
let me do my thang', do my thang'
Givin' it up, givin' it up
let me do my thang', do my...(do it!!)

Takin' it off, takin' it off,
let me do my thang, do my thang (baby do that body).
Givin' it up, givin' it up (ba--by!!),
(Come on baby-baby we can do that body)

Givin' it up, givin' it up (So baby let me do that body),
let me do my thang', do my thang' (So baby let me do
that body)
Givin' it up, givin' it up
let me do my thang', do my...

Takin' it off, takin' it off (So baby let me do that bod
