I've walked along the edge  
I've seen my death  
It came before my eyes and blinded by the light  
I realized  
Too long I've been without  
The feeling of alive  
Lost inside the fog

I've been  
Lost inside my mind and I forgot that I am free.  
I can be what I want to be.

Live.  
Find the means.  
Be what you want to be.  
You can exist  
Find your reality  
Be what you wanna be.

Dancing on the shards  
I found pain  
I found The feeling of awake  
Isn't it serene?  
How we can behave?  
Our paisley brains  
Numb inside the daze  
Can't we be?  
Can't you be?  
Be what you want to be  
You can live  
Find your reality  
Be what you wanna be

Powered by illusions all around  
I have made the choice  
To find my voice and let it ring throughout the Cave  
And end this Happiness in slavery  
I won't go down that way.

I will be.  
I can be  
Be what I wanna be.

I can exist  
Within this reality  
And be what I want to be.
