The world began to slowly wind began to move gently
Wish I was still floating around somewhere I reach
someone under

I'm not very concrete suggestions of God
So I'm still standing like a lost child has become an
adult

The letter to you I'm far far away
I have just sort of cliché

Try putting a little stubborn sometimes try to be strong
You look so happy something like this in the Clouds
And then suddenly came to cry and feel happy
You did something I definitely came walking

Paper over his words but I have some stocks
Why do I still sad to see a pinch
Not seem

Without knowing the kind of thing you get lost, and
goods
The morning visit to the natural

And then you cry and then somehow stick
But this reality is not something nicely
And understand the surprisingly reluctant to accept or
Who can not walk, so anything from here

Where ever you will hear from
Ancient Hobozuburusu
I longed to feel it and forget
To revive in my heart

Try putting a little stubborn sometimes try to be strong
You look so happy something like this in the Clouds
And then suddenly came to cry and feel happy
You did something I definitely came walking

And then you cry and then somehow stick
But this reality is not something nicely

And understand the surprisingly reluctant to accept or
Who can not walk, so anything from here
