If love is just a moment
Let me spend this moment with you
Then is life is just a memory
Let me remember with you
If hearts are just like flowers
As fragile as the hours we spend
Let's hold to this memory
And never let this moment ever end

Ohh (french phrase)

If love songs are forever
Then let this be my love song to you
If feelings are surrendered
The let me surrender to you
If yesterday was lonely
You've only to bring your tears to me
I'll kiss away the sadness
And hold you and love you tenderly

Ohh, (french phrase)

Ohh, ohh
You do feel just like a warm summer day
Ohh, Ohh
Kiss my thoughts and I'll fly away

(French phrase 3 times)
