I can still remember yesterday
We were so in love in a special way
And knowing that you loved me made me feel oh so
right

But now I feel lost
Don't know what to do
Each and every day I think of you
Hiding back the tears I'm trying with all my might

(refrain:)
Because you've gone and left me standing all alone
And I know I've got to face tomorrow on my own
But baby

(chorus:)
Before I let you go
I want to say I love you
I hope that you're listening, cos it's true
(It's true my baby, it's true)
You'll be forever in my heart
And I know that no one else will do, yeah
So before I let you go, I want to say it
I love you

I wish that it could be just like before
I know I could've given you so much more
Even though you'd known
I'd given you all my love

I miss your smile, I miss your kiss
Each and every day I remins ince
Cos baby it's you that I'm always dreaming of

(refrain:)
Because you've gone and left me standing all alone
And I know I've got to face tomorrow on my own
But baby

(chorus:)
Before I let you go
I want to say I love you

I hope that you're listening, cos it's true
(It's true my baby, it's true)
You'll be forever in my heart
And I know that no one else will do, yeah
So before I let you go, I want to say it

Letting love go is never easy
But I love you so
That's why I set you free, baby
I know, someday, somehow I'll find a way
To leave it all behind me
Guess it wasn't meant to be, but baby

(chorus:)
Before I let you go
I want to say I love you
I hope that you're listening, cos it's true
(It's true my baby, it's true)
You'll be forever in my heart
And I know that no one else will do
So before I let you go, I want to say it
So before I let you go, I want to say
I love you
I love you
