Through all the years laughter and tears I have always  
been around you  
Through good and bad happy and sad I will always be  
around you

[Bridge:]

Just to say your number one your my inspiration  
Perfect combination only you second to none  
Your the only reason season after season

[Chorus:]

Every moment everyday with you all the way  
Manila Bulletin  
Every moment come one day  
You and me are meant for each other  
Everyday's a brand new adventure for as long as we  
are together  
Manila Bulletin  
Always... de de dum de de dum, always de de dum de  
de dum...

Never to all  
Truth has been told that's were only getting younger  
Everything's new  
With me and you as we strip to make things better

[Bridge]

[Chorus]
