I love you
I don't know what else to say
'cause I long for you more each day
I need you
I want to feel your embrace
And have a chance to touch your face

I was lost and alone
But you showed me the way
Now I call you my own
Things will never be the same

How could I've known
You will hold me close so tenderly
Even though I'm alone
I can feel your arms enfolding me
And that love, became mine in just one night
When you held me tight
Oooh... it felt so right

I feel you
You're always here in my heart
It's where I've kept you since we fell apart

I was lost and alone
But you showed me the way
Can't go on, on my own
Wishin' that you would stay
How could I've known
You will hold me close so tenderly
Even though I'm alone
I can feel your arms enfolding me
And that love, became mine in just one night
When you held me tight
Oooh... it felt so right

I was lost and alone
But you showed me the way
Can't go on, on my own
Wishin' that you would stay
Tell me that you would stay...

How could I've know (how could I've knownÂ... ohh)
(Ooh)You will hold me close so tenderly (oohh)
(Ooh)Even though I'm alone
I can feel your arms enfolding me (your arms enfold
me)
And that love, became mine in just one night
When you held me tight
Oooh... it felt so right
Felt so rightÂ...
HmmmÂ... felt so right.
