If I would have to live my life again

I'd stay in love with you the way I've been

Your love is something no one ever can replace

I can't imagine life with someone else

I promise, I will share my life with you

Forever may not be enough it's true

My heart is filled with so much love I feel for you

No words can say how much I love you so

Refrain:

And if forever's not enough for me to love you

I'd spent another lifetime baby if you ask me to

There's nothing I won't do

Forever's not enough for me to love you so

They say tomorrow seems so far away,

And now we see that everything can change

My love for you gets stronger as tomorrow comes

I know this love will stand in the test of time

And if forever's not enough for me to love you

I'd spent another lifetime baby if you ask me to

There's nothing I won't do

Forever's not enough for me to love you so

For you, there's nothing I can do
And never will I ever go
Forever's not enough to love you so
But if forever ends one day
I'll promise you I'll stay
To show you that my love for you will never end...
And if forever's not enough for me to love you
I'd spent another lifetime baby if you ask me to
There's nothing I won't do
Forever's not enough for me to love you so
And if forever's not enough for me to love you
I'd spent another lifetime baby if you ask me to
There's nothing I won't do
Forever's not enough for me to love you so...
