How many times have you walked out the door
How many times have you told me before
How many times have you made me cry once more
and all you have to say was I'm Sorry

How many times have you left with no trails
how many times have you lied to my face
how many times have you done me disgrace
and all you have to say was I'm Sorry

Chorus:

And now you're coming back to me
And all you have to say is I'm Sorry
The same old story can't you see
And all you have to say is I'm Sorry
I guess the greatest Irony
It's time to give you my apology
We're done and now it's history
and all i have to say is I'm Sorry

How many times have I planned
How many times have I gathered my wits
How many times have I wanted to quit

Bridge:

I want to let you know
I want to let you go
how many times i've gotten tired with your lies
I'd rather have you out of my life
