You must be good-looking baby  
Got ya here tonight!  
Got yourself a lady  
Be polite when we're together  
And dress up for the cameras and the lights  
Alright you know I crave the lights  
Now they're okay  
But let me spend those endless nights  
Up high on my high heels  
I love the way it feels  
The music is movin my body  
I'm a lady, but baby I might  
Show the camera what I got  
Got what you like a lot  
Play it cool and make it hot  
Do it but don't get caught in movie love  
Movie touch and movie kiss  
Love to watch us doing this  
Turn me on, don't wanna miss  
A single minute of that movie love  
Dance for the cameras and the lights  
Take it from me  
Take it from me

How famous you'll be  
Lie back on my casting couch  
And try out for the part  
Anytime you're ready  
Just hit the start  
And I'll say action  
Gonna put you in my movie love  
You are a star  
Gonna sign you now  
And no one else is ever gonna hear a sound  
(Or see one shot)  
Except for you and me  
Alone exclusively  
If you wanna make it a party  
Gonna call everybody in town  
To show the camera what I got  
Got what you like a lot  
Play it cool and make it hot

Do it but don't get caught in movie love  
Movie touch and movie kiss  
Love to watch us doing this  
Turn me on, don't wanna miss  
A single minute of that movie love
