I

There I was, an empty piece of a shell

Just minding my own world

Without even known, what love and life were all about

Then you came,

You've brought me out of the shell

You gave me the world to me, and before

I knew, there I was so inlove with you

Chorus

You gave me a reason for my being

And I love what I'm feeling

You gave me a meaning to my life

Yes, I've gone beyond existent

And it all began, when I met you

II

I love the touch of your hand

And when I look in your eyes, I just know

I know, I wanted something good

And I'm sure, my love for you will endure

Your love light up my world and take all my cares

Away where they've be part of me

(Repeat Chorus)

Bridge:

You taught me how to love

You showed me how tomorrow and today

My love, is different from the yesterday

I knew, you taught me to love

And darling, I will always cherish you!

Today, tomorrow and forever...

And I'm sure, our evening will come around

I know, we'll be making love, like never before

My love, who could asked for more

(Repeat Chorus)

When I met you...(When I met you)
