Take my hand, come with me
We'll be free, now for always
We can find happiness
If you listen, it's calling

If you ask me for a story I can tell
I would whisper somethin' from a wishin' well
We're in the hands of time
Where no one has a choice
We're safe inside this dream
Because it's meant for us
We'll keep each other warm
And fill our hearts with joy
We'll take our love and glide across the sky
Where only angels fly...

Touch the clouds, feel the wind
There's no room for pretending
Love is here, from now on
In a message we're sending...

If you ask me for a story I can tell

I would whisper somethin' from a wishin' well
We're in the hands of time
Where no one has a choice
We're safe inside this dream
Because it's meant for us
We'll keep each other warm
And fill our hearts with joy
We'll take our love so high
We'll take our love and glide across the sky
Where only angels fly...

We're in the hands of time
Where no one has a choice
We're safe inside this dream
Where only love can hear our voice
We'll keep each other warm
And fill our hearts with joy
We'll take our love and glide along the sky
Where only angels fly...

Where only angels fly...
