I knew the day I met you I'd really fall and love you.
And I could never resist that charm.
And since the day I met you,
I truly fallin' to love you with all of my life.

You'll always be my number one.
You'll always be the one I love.
The one I love, the rest of my life forever.
Till the end of time.
You'll always be my number one.

They tell you about it, everybody knows it.
Everybody knows just how much I need for you my
darling
Feel the loving, feel the hugging
Eagerly the feeling is screaming about it.

You'll always be my number one.
You'll always be the one I love.
The one I love, the rest of my life forever.
Till the end of time.
You'll always be my number one.

I knew the day I met you I'd really fall and love you.

And since the day I met you,
I truly fallin' to love you with all of my life.
