All the streets look so pretty  
With the lights shining in the city  
"Silent Night" playing on the radio  
You and me here together  
Nothing else could be better  
Than kissing you underneath the mistletoe

Chorus

I don't need anything  
That's for sure  
Cause right now I've got it all  
All I want in this world  
Right at the top of my list  
My number one wish  
Is to be your Christmas Girl  
I just wanna be your Christmas Girl

Hear the sweet sound of singing  
Church bells that are ringing  
Can't you feel christmas magic in the air  
Hand-in-hand couples strolling  
The good times rolling  
I'm so happy to hold you and have you near

Chorus

I don't need anything  
That's for sure  
Cause right now I've got it all  
All I want in this world  
Right at the top of my list  
My number one wish  
Is to be your Christmas Girl  
I just wanna be your Christmas Girl

Bridge

And all the pretty gifts under the tree  
Don't hold a candle next to you and me

Chorus

I don't need anything  
That's for sure  
Cause right now I've got it all  
All I want in this world  
Right at the top of my list  
My number one wish  
Is to be your Christmas Girl  
I just wanna be your Christmas Girl
