There's a spell in the air  
When you're around, ooh..  
Takes me everywhere  
I can't keep my feet on the ground  
Since I'm losin' my control  
I feel it in my body and soul, ooh..

But it feels so good  
The way you make me see  
That it's clearly understood  
There's a time for you and me  
Now I know, I've realized  
This is way, too strong for me to hide

CHORUS:

You're taking my breath away  
It keeps me awake night and day  
And I can't help feel this way  
There's so much more to say  
You're taking my breath away, oh yeah...

If I give you my heart  
Would you treat me like a queen, ooh..  
Or would you tear it apart  
A place I've already been  
I would like to get to know you  
Tell me that my instinct is true

CHORUS:

You're taking my breath away  
It keeps me awake night and day  
And I can't help feel this way  
There's so much more to say  
You're taking my breath away, oh yeah...

BRIDGE:

Everywhere I go  
And every smile I see reminds me of you  
I want to let you know  
The love I feel for you is true  
Is true...

CHORUS:

You're taking my breath away

It keeps me awake night and day

And I can't help feel this way

There's so much more to say

You're taking my breath away

It keeps me awake night and day

And I can't help feel this way

There's so much more to say...

You're taking my breath away, away...

You're taking my breath away...
