It's not a plane, it's not a bird
And it's coming back to save me from what
I deserved
(at least I thought that I deserved)

Don't wanna laugh
Don't wanna cry
Don't wanna quit
Don't wanna try
Oh, baby that's you
Now look at what you're making me do

Driving all night long
Just trying to bring
you this song
Just do me a favor
Open your window

Crying on the phone
Just trying to prove we..re both wrong
I'm getting tired of talking
all alone

It's not a plane
It's not a bird
Oh honey that's not what I deserve
I deserve to be your superman
(oh, honey, that's what I am)

I
make you laugh
I make you cry
I make your hands reach the sky
So say your
final words
Our plane is gonna crash tonight!
But it's alright'.
It's all
alright!!!
Driving all night long
Just trying to bring you this song

Just do
me a favor
Open your window

Crying on the phone
Just trying to prove
we're both wrong
Is it so hard to you to know how much I love you?

And
then we fight
And then we cry
And then laugh until we die
Until we close
both of our eyes

(there's something wrong with this song...)

You're not
singing along!

We can fill all these miles between us with smiles
And give
up this war
Why don't don't we make love right now
Like we neved did
before?

Driving all night long
Just trying to bring you this song
Just do
me a favor
Open your window

Crying on the phone
Just trying to prove
we're both wrong
Is it so hard to you to know how much I love you?
