I threw my life away
I bought a ticket straight to Rio
So how can you say I don't want you?

I messed your mind that day
When I said your love wasn't real
So how can you say that we don't belong to each other

So how can you say it was my fault?
YOU've let it go
YOU've let it go

So how can we go back to the start
YOU've let it go
YOU've let it go
YOU've let ME go.

(we're not pointless)

I am running all alone
To prove that you were wrong
I've got no regrets at all
I want you and I'd do it all again

You are talking on the phone
Telling me our love is gone
I've got no regrets at all
I want you and I'd do it all again

You were talking on the phone
Telling me our love was gone
And I Yelled at you, yelled at you.
And you said you were having fun
Ending what's never begun
And I Yelled at you, yelled at you.

I am running all alone
To prove that you were wrong
I've got no regrets at all
And I'm doing it all again!

You were talking on the phone
Telling me our love was wrong
I've got no regrets at all
And I'm doing it all again!
