When you call me  
I won't be there  
When get cold  
I won't be nearby

'cause  
I'm tired  
I don't wanna do it  
Any more  
Not with you

When i called you  
You were never there  
I proposed you  
But i'm still single  
Now it's time for  
Us to part ways  
Like always

'cause i realized  
Where both paralyzed

If  
You will never change for me  
You'll never change for anyone  
You'll never be  
Here  
You'll never be anywhere  
I think we're both better off alone  
'cause you  
Never change, hm  
I finally realized  
That you will never be mine  
And all  
I've gotta do is  
Waiting for the days to pass me by

'cause i never knew

What my life would be withouy you  
'till i wrote this song

After a day  
Thinking about you

And it's natural for girls and boys  
Life's like this and  
We don't have a choice  
It's natural for girls and boys  
Life's like this and  
We won't ever change!

If you will never change for me  
You'll never change  
For anyone  
You'll never be here  
You'll never be anywhere  
I think we're both  
Better off alone  
'cause you never change, yeah yeah yeah  
You'll never be  
Here  
You'll never be anywhere  
I think we're both better off alone  
'cause  
We'll never change  
'cause we'll never change
