you're going down boy
i'm hot on your heels
i've been chasing you for what feels like years
and everybody knows that i'm prone to get my way
you better watch your thunder its the first thing i'm
gonna steal
keep an eye on your wonder it's the only thing that's
real

you'll be back

you're beautiful trying to get yourself born
you're beautiful and it's stitched into every pore
and it's painful to watch you headlong into the black
but if i don't let you go, you won't be back.

you know it's time boy
you're losing the plot
i've been chasing you, is that all you've got
look over your shoulder and realize that my eyes are
on you
you're fantastically iconoclastic
and drastically reducing all you know to plastic
you're spastic and elastic and now
i'm gonna smash you apart.

you're beautiful trying to get yourself born
you're beautiful and it's stitched into every pore
and it's painful to watch you headlong into the black
but if i don't let you go, you won't be back.
