They always said you were unhealthy
Wouldn't be there for me, but I knew different
They always said that you would break me
Bend me and forsake me, I wouldn't listen

I knew better than that, I knew just where it's at
And it was, but it's not anymore
And I'm not as sure as I was before

Now I got a bad habit I just can't break
I can't shake it, it's already much too late
I'm standing naked with my beautiful mistake
A bad habit and it just won't go away

You were magical and mystic
Tangled up and twisted and oh, so tragic
Maybe that was the attraction
Drove me to distraction, but I had to have it

I got carried away, what else can I say?
There I was, I still am
And I don't understand why I'm stuck
In the palm of your hand

I got a bad habit I just can't break
I can't shake it, it's already much too late
I'm standing naked with my beautiful mistake
A bad habit and it just won't go away, oh

Why do I need you like this?
Why don't I try to resist?
I can't just flip a switch and watch you fade

Now I got a bad habit I just can't break
I can't shake it, it's already much too late
I'm standing naked with my beautiful mistake
A bad habit and it just won't go away

Now I got a bad habit I just can't quit
I can't kick it, I want more and more of it
I'm standing naked with my beautiful mistake
A bad habit, hope it never goes away

I just can't quit, I can't kick it
