#### CHORUS

You stay stuck in my head all night  
Don't know what to do to make it right  
I can't stop thinking about you, I can't do without you  
girl  
I just gotta know do I turn you on  
Cause you're stuck in my head like my favorite song  
And you make me wanna say girl  
Can Can Can we be?  
I think I got you on on on repeat  
Can we be?

#### VERSE 1

I've got a question do I turn you on  
Cause you're stuck up in my head just like my favorite  
song  
And since my mama raise me well you'll never be alone  
Make you feel like we're together even when I'm gone

And I think I got it bad just like an usher song  
Go to sleep thinking about you wake up in the morn  
(Still thinking of ya)  
And the things you do to make me want  
Everything you got to give and everything u don't

Girl you stay on my mind like all day  
I want you and I know thats what they all say  
But girl I'm not the type to make a false claim  
Just the type to go make u my shawtay

You got me sold up like ebay  
Love drunk like E&J  
Got you in my head on replay  
I Feel like everyday is my bday

My bday, girl u got it  
Only one I wanna rock wit  
If I don't know a lot, I still know I got  
Your favorite song when I drop this

## CHORUS

You stay stuck in my head all night  
Don't know what to do to make it right  
I can't stop thinking about you, I can't do without you  
girl  
I just gotta know do I turn you on  
Cause you're stuck in my head like my favorite song  
And you make me wanna say girl  
Can Can Can we be?  
I think I got you on on on repeat  
Can we be?

## VERSE 2

I think that Mona Lisa is your name  
From the look upon your face up in my picture frame  
And I know I can say a million things  
But girl I just wanna know if we can stand the rain

Yea in my head you take up 2 lanes  
When I'm riding around and I'm getting it like I'm  
2Chainz  
Them other bitches got nothing they just 2 lame  
Sitting home on the sofa chasing loose change

Strait up baby girl now tell me how could we be  
Cause in my stats you're the MVP  
Most valuable person and that ain't easy  
Cause my standards are high so high they can't reach  
me

You got that freaky that keep me  
On my A&B in on this cd  
Not the type to care about what he she  
Say about whatever he or she see

Believe me you got it  
You're the only one I wanna rock wit  
If I don't know a lot I still know I got  
Your favorite song when I drop this

## CHORUS

You stay stuck in my head all night  
Don't know what to do to make it right  
I can't stop thinking about you, I can't do without you  
girl  
I just gotta know do I turn you on  
Cause you're stuck in my head like my favorite song  
And you make me wanna say girl

Can Can Can we be?  
I think I got you on on on repeat  
Can we be?
