"Pay Back"

You make me feel like a losing man
It makes me so mad
It makes me so sad

You make me feel like a fallen man
It makes me so mad
It makes me so sad

So I watch you fall
I watch you fall
I watch you fall
I watch you fall

You make me feel like I'm all alone
It makes me so mad
It makes me so sad

You make me feel like a useless man
It makes me so mad
It makes me so sad

So I watch you fall
I watch you fall
I watch you fall
I watch you fall

I watch you crawl
Just like the way you did to me
And I watch you fall
I watch you

That's why they call it a payback
That's why they call it a payback
That's what makes me get through those days
And that's what makes me [get] through those hard days
Payback

That's why they call it a payback
That's why they call it a payback
That's what makes me [get] through those hard days
And that's what makes me [get] through those hard days

Nell's second song sung entirely in English. It definitely has a different feel than "Tokyo"!
