Standing alone in the twilight  
Somehow I feel you there  
Shadows that move on the outside  
But inside I'm not scared

At the moment you reached for me  
You whispered sweetly oh oh  
Oh oh oh oh... oh  
Ohohohohoh  
And we're frozen in time  
When you look in my eyes  
Oh oh oh, whoa oh oh

Until the end,  
It was you I waiting for  
I can't pretend  
I don't love you anymore  
All by myself, you were always in my heart  
Until the end  
'Cause I knew it from the start

(Vocalization)

I played the game but I knew my  
Heart wasn't made of stone  
You kept me safe even when I  
Gave it to you, I know

At the moment you reached for me  
You whispered sweetly oh oh  
Oh oh oh oh... oh

And we're frozen in time  
When you look in my eyes  
Oh oh oh, whoa oh oh

Until the end,  
It was you I waiting for  
I can't pretend  
I don't love you anymore  
All by myself, you were always in my heart

Until the end  
'Cause I knew it from the start

(Vocalization)

Can't stop believing  
Am I still dreaming?  
You're here with me tonight

Heat of the passion  
No, I imagined  
We're gonna make it right

From the start... oh  
Until the end

Until the end,  
It was you I waiting for  
I can't pretend  
I don't love you anymore  
All by myself, you were always in my heart  
Until the end  
'Cause I knew it from the start
