Well hello, I am your heart  
And you've got me broken one too many times  
Oh hello, this is your heart speaking  
And you've got me hurt, boy, one too many times

Goin' away on a little vacation, be gone quite a while  
You won't have you no lovmakin'  
You'll just have that two-bit smile

Goodbye, this is your heart leaving  
Wish you the best luck while I'm healing up

Hello, I am your heart  
And you've got me broken one too many times  
Oh hello, this is your heart speaking  
And you've got me hurt, boy, one too many times

Goin' away on a little vacation, be gone quite a while  
You won't have you no lovmakin'  
You'll just have that two-bit smile

Goodbye, this is your heart leaving  
Wish you the best luck while I'm healing up

He-he-healing up  
He-he-healing up  
He-he-healing up....
