Heart be still you've had your fill  
Of lovers who've come and gone  
The time is right I see through the light  
That blinded me for so long

It's no secret that I love you but this is like a love I've  
never known  
My mistakes brought me to this place where the flowers  
replaced the thorns

I kept alive the dream inside  
That brought me to you here  
The time to grieve what I believed  
Has left me silent all these years

But it's no secret that I love you but this is like a love  
I've never known  
My mistakes brought me to this place where the flowers  
replaced the thorns

Where the flowers replaced the thorns

I'm a woman waiting to happen I'm a lover waiting to  
dream I'm a mountain waiting  
To be climbed I'm an eagle ready to scream

I'm a story waiting to be told I'm a child awaiting to be  
held I'm a tear awaiting to fall  
On the face of a stranger standing next to me

And I'm a song awaiting to be sung I'm a prayer  
awaiting an answer I'm a horizon  
Kissing the dawn I'm a star shining like I've never  
shown

I'm a page about to be turned I'm a dance about to  
begin I'm a moment awaiting eternity  
I'm a whisper awaiting a sigh

And I'm a river awaiting the ocean I'm a baby waiting to  
crawl and I'm a heart  
Waiting to fall

I'm a heart waiting to fall

I'm a heart heart waiting to fall  
I'm a heart waiting to fall

In love with you

Ahhhh it's no secret that I love you but this is like a love  
I've never known  
My mistakes brought me to this place  
Where the flowers where the flowers  
Ohhh where the flowers replaced the thorns

Heart be still you've had your fill  
And I'm a woman waiting to dream

Heart be still you've had your fill  
I'm a woman waiting to scream

Heart be still you've had your fill  
I'm a woman waiting to be held

Heart be still you've had your fill  
I'm a woman about to begin

I'm a heart waiting to fall  
I'm a heart waiting to fall  
I'm a heart waiting to fall

In love
